SINCE his nomination for the Governorship, Marse Henri Watterson as sawed umpty cords of wood.

FORMER Congressman David Colson has been nominated for the Legislature by the Republicans of the Ninety-third District.

ONE of the witnesses that the Cantrill-Campbell Combine has provided to "hang TAYLOR and damn the Republican party," is IKE HOFKINS of Bell county. Among other things he said HENRY YOUTSEY told him that GORNEL would be killed and that GOEBEL would be killed, and that "Tallow" DICK COMBS was to be given \$2,500 to do the job-although

On cross-examination Hopkins said he was in Covington as a witness in the United States Court, and met ARTHUR GOEBEL there, and told him his testimony as above.

Attorney OWENS asked if he had been arrested.
He answered—

been arrested.

He answered—
"For stealing a watermelon."
"Anything else?" asked Owens.
"Once for murder, once for malicious shooting and once for swinding the Government," answered the wittender of the state of t

ness.

HOPKINS admitted that he has eleven times faced a Jury on murder charges, three victims being laid to his credit. He also bears the scars of knife and bullet in many other little troubles, as he called them, when talking to Tom Campbell.

# YOU'RE ABOUT RIGHT.

The assassin of Goebel has never been searched for. He is not wanted. The object of the Goebel party is to smirch political opponents. The identification of the murderer would be regarded by the Goebellies as a calamity.

Lineary of the selection of Jurors In Its report of the selection of Jurors for the Powers trial, The Courier Journal told of one who, when asked if he was prejudiced against the accused, replied, "Of course I am! I am a Democrat." That sums up the situation. And as all the Jurors are Democrats, and as almost all of the special venire will agree with the accused and his attorneys that there is no fairness in such a trial.
